Who we are

Tandem Coaching Partners coaches and trains leaders in public and private organizations: one-on-one executive coaching, team coaching and leadership development programs. Our Tandem Coaching Academy division has trained coaches since 2016, so an agency can also develop internal coaches of its own.

Core competencies

- **Executive and leadership coaching.** One-on-one coaching for executives, managers and supervisors over 3 to 12 months, with goals agreed with the sponsor and session content kept confidential.
- **Team coaching.** Executive teams and work teams: collaboration, decision-making, conflict and change.
- **Leadership development training.** Programs for supervisors and managers on communication, conflict, delegation, emotional intelligence and change. Virtual, in person or hybrid.
- **Assessments.** 360-degree feedback, ProfileXT and Genos emotional intelligence, debriefed by a credentialed coach.
- **Internal coaching capability.** ICF-accredited Level 1 and Level 2 coach training and mentor coaching for agency staff.

Differentiators

- Led by two Master Certified Coaches (MCC), the International Coaching Federation's highest credential: Cherie Silas and Alex Kudinov.
- An MCC or Professional Certified Coach (PCC) on every senior executive engagement.
- ICF-accredited coach training, Level 1 and Level 2.
- A bench of 20+ ICF-credentialed coaches and trainers.
- Government Purchase Cards, purchase orders and phased invoicing accepted.
